

Joining Instructions for RFMA Carbine Level 1

Introduction

Welcome to the RFMA Carbine Level 1- 0008. Students are expected to have a basic knowledge of Carbine shooting, and firearms safety, prior to attending this course. This course has been developed for you, the sport shooter, in order to assist you in getting the most enjoyment out of what is one of the most popular firearm types on the market today. This course starts from the basic fundamentals, and ties in several advanced skills, challenging the shooter, and providing a firm base for more advanced training.

This is a custom designed course offered exclusively by Rob Furlong's Marksmanship Academy, and delivered by world class instructors. This course is an intense, interactive training opportunity for all participants running over a two-day period. The course contains a large amount of information and skills to absorb and process in a short amount of time. You are encouraged to take in as much of the course as possible to gain insight into the methods and techniques taught during this training as well as the teaching philosophy of our instructors. We ask participants to attend the course with a professional attitude, and an open mind. This will allow for the largest amount of material retention, and provide the best learning atmosphere for everyone.

PLEASE NOTE- This training is being conducted for those currently in possession of non-prohibited, detachable magazine carbine platforms(Bushmaster ACR, Tavor, etc). Pistol caliber carbines are also permitted, under the same criteria(JR Carbine, Ruger PC9, etc). If you are unsure, please contact us for clarification. Range template limitations at the Sherwood Park location will allow for all conventional carbine calibers.

The course will be held at the **Sherwood Park Fish and Game Association Range**. Participants will be furnished with specific dates, times, and locations for initial contact with our staff. If you have any questions or concerns, please contact us anytime.

- And More...

Dress and Equipment

The dress for this course is what is comfortable for you. The training will be on the range no matter what the weather is like, so dress according to the weather. We will be outside 8-10 hours depending on range applications. Conditions can include dust, mud, rain, snow, wind and extremes of temperature. Dress should be appropriate to weather conditions.

Recommended clothing is listed below:

- Hiking style boots
- Shooting gloves
- Heavier pants
- Knee pads (optional)
- Rain wear
- Cold weather clothing
- Cap or Toque
- Hat (for sun protection)
- Water bottle*
- Day pack

Equipment needed while on course:

- Rifle- detachable magazine, non-prohib.
- 500 rounds of ammo
- Sights- Iron sights are preferred for level 1, but bring your optics as well.
- 5 Magazines(minimum)
- Writing material (pencil, pens & paper)
- Cleaning supplies for your rifle
- Small flashlight
- Hearing protection(electronic is preferable)
- Eye protection
- Dump pouch for mags
- Vest, chest rig, Speed belt, etc- capable of carrying at least 4 magazines

Safety

This is our number one concern when instructing. Our instructors have complete control of the range when instructing, and directions must be followed by participants to ensure the safety of everyone. RFMA reserves the right to remove a participant(s) from course who is determined to be a risk to safety. If you observe any unsafe actions, or feel uncomfortable conducting any of the drills or shooting exercises, please advise the nearest RFMA instructor.

Meals and Accommodations

Meals and accommodations will be the responsibility of the participants. We recommend that you bring something for lunch each day, as there is only one hour given for lunch.

Transportation

All participants are expected to have their own transportation for use during the course.

Photography equipment

We encourage all participants to bring a camera to capture your experiences while on course, but taking photographs must only be done when safe to do so, and must not interfere with course instruction.

Forms and I.D.

On Friday morning, during the meet and greet, we will be handing out the following forms that must be completed before start of training. Once the form is completed we will also require two pieces of government ID. i.e: PAL, Driver's license, or Alberta Health.

- Personal Information and Emergency Notification Form
- Assumption of Personal Risk Agreement
